SMART PREMIUM

HOW LOWERING YOUR PREMIUM WORKS

Using the Beam Brush earns you a Beam score. The better your group's Beam score, the bigger potential drop in your premium at your renewal.*

Brush better, get a lower premium—pretty simple. Don't worry, your rates will not increase based on your group Beam score alone. Just get rewarded for good brushing by your group.

*Premium reduction occurs at renewal (plan year or calendar year) and is based on Beam score aggregate of your group, prior year claims data analysis, and changes in dentist reimbursement contracts. The reduction stated above nor any reduction in premiums is guaranteed. Premium rates can be increased based on the factors previously stated, if determined in the underwriting process. Increases in premium will not occur based on group aggregate Beam score alone.
