IMPORTANT

While we make efforts to ensure that our lists of doctors and hospitals are up to date and accurate, providers do leave our networks from time to time, and these listings do change. There are hospitals, doctors or other providers who are not included in every plan network. **Please make sure you are searching the right network.** Logging in as a member is the most accurate method to search for providers in your plan network. You may also enter your Prefix (the first three values of your member number on your ID card). There may be higher costs to you if you visit a provider who is not in your plan network. We recommend you contact the provider to confirm that they are in your plan network and that the desired service is covered.

If you are an HMO member, you may need a referral from your Primary Care Physician (PCP) before you receive care for non-emergency services.

To receive benefits, some services must be reviewed to determine medical necessity. A request for service may be denied because it's not medically necessary at a certain level-of-care or at a certain facility. When this happens the service may be requested again using a different provider or facility. If you have any questions, please call the member services number on your member ID card.

The Patient Ratings & Reviews is available for informational purposes only and to use as you see fit. We do not guarantee its use, or its accuracy, reliability, timeliness, and the like. While we do monitor comments for inappropriate or offensive language, we are not responsible for the comments made by users or the accuracy of information in those comments. The Patient Ratings & Reviews is not a referral service and does not offer advice about which doctor or other healthcare provider is right for your medical needs.

To our knowledge, the provider information contained in this printed directory is accurate as of the date of printing but all information is subject to change and updates. There may be higher fees associated with visiting a doctor who is not in our network or for obtaining a service that is not covered by your plan. You may be responsible for those costs. To avoid higher fees we recommend that you confirm your doctor is in network and that the desired service is covered when scheduling your appointment.
